Why North American Tool METRIC TAPS?

- Metric taps fall under our special tap offerings as they cut internal threads that vary from standards set by the American National Standards Institute.
- North American Tool manufactures metric taps to Metric DIN or ISO (International Organization of Standards) dimensions, offering 24-hour shipment of Metric Popular Special taps.
- Experienced engineers, state-of-the-art equipment and production processes, advanced computer systems and machining equipment provide value-added solutions to your challenging tapping requirements.
- Cutting tools designed, manufactured, and shipped in the U.S.A.

*North American Tool metric taps are
available from stock in popular metric sizes.*
